

Trainers

Dr. Novella Perrin, Ph.D, Retired Assistant Provost for Research and Dean of the Graduate School at the University of Central Missouri in Warrensburg, was also a professor of sociology and the Director of the UCM Gerontology Institute. She is a consultant and author of numerous books and articles as well as a frequent presenter at local, state and national meetings on aging related issues. Her most current research focuses on behavioral management of Alzheimer's Disease, nurse aide retention, rural aging, elder abuse and aging in place. Dr. Perrin also is active in numerous professional and service organizations.

Penny Shaffer R.N., M.A., is Program Director for Health and Human Services at Johnson County Community College. She has 38 years of nursing experience and specializes in geriatric mental health. Penny has developed several hospital based and outpatient services for seniors with dementia and has served as a mental health consultant to nursing homes and assisted living facilities across western Missouri and east central Kansas for many years. She has taught dementia care for the Alzheimer's Association and sits on numerous panels for elder mental health, abuse and neglect issues. Shaffer is a national speaker and published author of articles on aging, dementia and mental health.

ALF Resident Assessment Training

24-Hour Mandated Training for Assisted Living Facilities

Training Objective

As required by 198.005 RSMo and 19 CSR 30-86.047, residents of Assisted Living Facilities are required to undergo a community based assessment performed by an appropriately trained and qualified individual. This individual must complete a DHSS approved 24-hour training program prior to performing resident assessments. The MALA ALF Assessment Training satisfies this regulatory requirement.

Who Should Attend?

Anyone who wants training on issues relating to the elderly, aging, certain people with mental illness, and community-based assessments can attend this training.

To meet the statutory and regulatory requirements related to community based assessments, only appropriately trained and qualified individuals may perform the assessment. The term “appropriately trained and qualified” is defined by the following characteristics/credentials:

- Licensed or registered with the State of Missouri in a health care related field, **OR**
- Hold a degree in a health care, social services, or human services field, **OR**
- Licensed under Chapter 344, RSMo (Licensed Nursing Home Administrator), **AND**
- Received facility orientation training under 19 CSR 30-86.047(62), and dementia training under section 192.2000, RSMo.
